

*Update from Katy, October 24, 2016*

Warm greetings from Goring-on-Thames where today the sun is shining through the autumnal leaves!

I am thankful for the past good three and a half months in Nigeria, where I was able to help several translation projects move forward - and it was especially good to see the Mbembe Old Testament project beginning to get underway. It was good too to work with several promising Nigerian Bible translation consultants-in-training and to see them developing their skills.

Tomorrow I travel on to the USA for meetings over the next two weeks. Then I will be back in the UK for a longer period, until into the new year.

Please pray:

- For the annual Seed Company meetings: October 25 – November 4: a time to review progress, to share in update training, and to plan for the next year - also to enjoy fellowship with those involved in Bible translation worldwide. Pray for *wisdom*, as we respond to changing situations, and for *unity* in planning, discerning the Lord's vision and keeping in tune with Him and with each other.

Then during the coming months in the UK:

- Work on the new edition of the *Bible Translation* textbook for training translators has been on hold because of other pressures. Recently I received new instructions on formatting - I need to apply a new set of "styles" to meet the publisher's requirements and I am not finding this easy. Finishing this project is my major task over the next two months. Pray I can finish well!

Thank you for your partnership in prayer – I am very aware of this and truly grateful. Love and blessings,

Katy
